# Business Directory

## Sign up Sheet

St. Paul's wants to support your business. The St. Paul's Business Directory is a publication of business owners and professionals who are members of St. Paul's Parish here in Nampa and St. Joseph's in Melba, our sister community. This directory is designed to be a resource to give parishioners the opportunity to support one another by patronizing the professionals within our own community.

Are you a CPA, a realtor, a lawyer, a housekeeper? Do you work in construction or are you a plumber or electrician? Perhaps work in the medical field, give music lessons, or provide day care and babysitting; it's all welcome here and we want to support you. Let St. Paul's help you grow your business. Perhaps you might consider providing special incentive to St. Paul's and St. Joseph's parishioners, or use the increase in business to help support our church. Regardless, we want to support one another.

**If you would like to be part of our directory, please take time to fill out this form. It's free! No cost to be in the directory.**
